committees of the whole house general
committees and select committees praise for
cost of capital fourth edition this book is
the most incisive and exhaustive treatment of
this critical subject to date from the
foreword by stephen p lamb esq partner paul
weiss rifkind wharton garrison llp and former
vice chancellor delaware court of chancery
cost of capital fourth edition treats both the
theory and the practical applications from the
view of corporate management and investors it
contains in depth guidance to assist corporate
executives and their staffs in estimating cost
of capital like no other book does this book
will serve corporate practitioners as a
comprehensive reference book on this
challenging topic in these most challenging
economic times robert l parkinson jr chairman
and chief executive office baxter
international inc and former dean school of
business administration and graduate school of
business loyola university of chicago shannon
pratt and roger grabowski have consolidated
information on both the theoretical framework
and the practical applications needed by
corporate executives and their staffs in
estimating cost of capital in these ever
changing economic times it provides guidance
to assist corporate practitioners from the
corporate management point of view for example
the discussions on measuring debt capacity
flannery
oconnor

especially timely in this changing credit market environment the book serves corporate practitioners as a solid reference franco baseotto executive vice president chief financial officer and treasurer foster wheeler ag when computing the cost of capital for a firm it can be fairly said that for every rule there are a hundred exceptions shannon pratt and roger grabowski should be credited with not only defining the basic rules that govern the computation of the cost of capital but also a road map to navigate through the hundreds of exceptions this belongs in every practitioner s collection of must have valuation books aswath damodaran professor stern school of business new york university pratt and grabowski have done it again just when you thought they couldn t possibly do a better job they did cost of capital fourth edition is a terrific resource it is without a doubt the most comprehensive book on this subject today what really distinguishes this book from other such texts is the fact that it is easy to read no small feat given the exhaustive and detailed research and complicated subject matter this book makes you think hard about all the alternative views out there and helps move the valuation profession forward james r hitchner cpa abv cff asa managing director financial valuation advisers cen valuation products and services editorial
